

Edie Hand is the founder and international author of **Women of True Grit**, a sisterhood and community stemmed from **The Edie Hand Foundation** that takes stories and turns them into empowerment for women to succeed in business and in life. The Edie Hand Foundation started over fifteen years ago in honor of her three young Blackburn brothers she lost too soon. Having gone through irritations such as loss, grief, illness, and set-backs Edie exemplifies **“True Grit”** and has built a movement transforming challenges into **Pearls of Hope**.

GRIT stands for **“Great Resilience Is Transformative”** and Edie is passionate and devoted to supporting women and providing them the tools to do hard things and turn them into beautiful situations. The message she shares is not heart warming, its heart moving and aims to build strength in whichever audience is listening and face their hardships with **“Pearls On, Swords Up!”**

Residing in Birmingham Alabama and having worked as an entrepreneur in an advertising agency for 30 years, a media personality, filmmaker, philanthropist, a mom, and speaker personality, Edie has a wealth of skills and life experiences that have made her a force to be reckoned with in the business world. She has authored or collaborated on over **twenty-five books**. She is a **sought-after speaker** around the world with decades of keynote speaking experience at events, conferences, community centers, churches, and educational entities.

Edie Hand seeks always to create the right partnerships and relationships to expand her mission and **inspire people from all walks of life**.
